INTERESTED IN OWNING YOUR OWN LAKESIDE HOLIDAY CABIN?

We are seeking expressions of interest from those people who would like to purchase on site holiday cabins at Lake Somerset Holiday Park.

A range of floor plans will be available in both 2 bedroom and 3 bedroom designs, all with their own shower and toilet. You will have the choice of a larger site with onsite parking, or a walk-in site with a centralised lock up garage and car parking space.

You can use the cabin all year round, up to a total of 180 nights. You can even let the cabin out in our 'rental pool' when you aren't using it and make a bit of extra cash!

We are expecting the first stage of cabins to be on site in June/July 2010. First stage numbers are limited so you will need to get in fast to secure one. Caravan & annexe options may be available in stage2.

For a colour information brochure including pricing, sample floor plan and location map please ask at reception.
